

Introduction

Hands On Virtual Business Incubation is an initiative by IED Consulting (Pty) Ltd. The purpose of the VBI is to empower entrepreneurs who are in the early stages and in the growth phase of the business. The incubation runs for a period of 12 to 18 months maximum.

What makes our VBI different

Hands On VBI has a pool of talent internally and externally who are suitably qualified, skilled and are influential. We believe in strong business relations and direct line of communication, as a result our mentees get a dedicated mentor assigned to them. The mentor is available to assist via phone support, unlimited email messaging and Face-to-Face sessions. We fully engage ourselves and get our hands dirty in the process of getting a mentee's business off the ground.

Our workshops are best suited for small groups. This enables each incubatee to partake and contribute significantly in comparison to big classes. There is always the opportunity to network with fellow entrepreneurs and mentors at large.

Why we exist

The purpose of the Hands On Virtual Incubation Programme is to create high performing SMEs, compliant with the Companies Act 71 of 2008 and the recommendation from the King III Corporate Governance. Our Virtual Business Incubation covers the following critical areas among others:

- Accounting & Bookkeeping**
- Branding & Marketing**
- Business Etiquette**
- Business Funding Processes**
- Business Planning**
- Client Retention**
- Contract Drafting (Legal Matters)**
- Financial Management**
- Human Resources Processes**
- ICT Support**
- Internal Controls**
- King Code III Corporate Governance**
- Online Invoicing**
- Operational Management**
- Proposal Writing**
- Public Relations**
- Sales Performance**
- Taxation**

Our company has an office network in the City of Johannesburg and Ekurhuleni. The office network consists of boardrooms, meeting rooms, training rooms and video conferencing facilities for entrepreneurs to be properly attended to.
